Scholarship and Financial Aid Early Estimator Form

We realize that one of the important components to considering a college is cost. We’d like to help provide you with the personalized information you may need. By answering a few questions we can give you an estimate of your Albion aid eligibility.

The more accurate the information you use in your responses, the more accurate our estimate can be. To assist in completing the form it may be helpful to refer to the following documents:

- U.S. income tax returns (Form 1040, 1040A, 1040EZ)
- Earnings statements and W-2s
- Untaxed income statements (Social Security, unemployment, etc.)
- Asset statements (cash, investments, business, farm)

If you have experienced significant changes in income or asset in the last year you may estimate the anticipated information, however our results will only be as accurate as the information you can provide.

Responses will be sent via e-mail to the addresses indicated below. Please print clearly.

Student Information

Student Name: ________________________________________________________________
Mailing Address: ______________________________________________________________
Student E-mail: ______________________________________________________________
Parent E-mail: ______________________________________________________________

Grade Point Average (required): ________
ACT or SAT composite, not including the writing score (required): ________
